# 21ST CENTURY EQUIPMENT ANNOUNCES INVENTORY REDUCTION AUCTION

*Acquisition of New Dealerships Has Created Overstock of Late Model Equipment*

SIDNEY, NEBRASKA—Growth in inventory due to the acquisition of new John Deere dealerships has led 21st Century Equipment to conduct an inventory reduction auction. This absolute, no reserve auction starts at 10:00 a.m. on Tuesday, November 11, 2014, at the 21st Century Equipment dealership located on Highway 385, 1 ½ miles north of the I-80 interchange in Sidney, Nebraska.

“We recently acquired a group of John Deere dealerships in Colorado and, as a result, have more equipment in inventory company-wide than we would typically carry,” said Owen Palm, CEO of 21st Century Equipment. “We need to reduce inventory and we’ve decided the best way to do that is to offer growers the opportunity to purchase late model equipment in an absolute auction environment.”

Inventory from several 21st Century Equipment locations across Colorado and Nebraska will be in Sidney for this auction. The auction will include a large selection of late model John Deere equipment including tractors, combines, sprayers, balers, grain carts and other equipment.

“In addition to very attractive auction pricing, we have also worked with John Deere Financial to obtain a great financing rate for our customers, including zero percent interest on selected units,” Palm added. “At 21st Century Equipment, we’re focused on making farming easier. With this auction and great financing options, we intend to put high-performance John Deere equipment in the hands of area farmers at a very competitive cost.”

“It’s no secret that equipment values have softened over the past few months,” Palm added. “For producers who have pushed income forward the last few years, this auction is a great opportunity to get a great deal.”

This auction will be conducted by Schrader Auction Company. The auction will include both live and Internet bidding. Please go to [www.SchraderAuction.com](http://www.SchraderAuction.com) for auction day details and a complete listing of equipment.

21st Century Equipment has Colorado locations in Holyoke, Sterling, Burlington, Yuma, Wray, Akron, Cheyenne Wells, Flagler and Fort Morgan. The company has Nebraska stores in Alliance, Bridgeport, Gordon, Imperial, Ogallala, and Sidney.

21<sup>st</sup> Century Equipment is committed to reducing customer risk, improving customer profitability, and increasing their customers’ competitive advantage by “*Making Farming Easier!*” Discover more at [21stCenturyEquipment.net](http://21stCenturyEquipment.net).
