REGISTRATION AND PAYMENT: If you are bidding online you will need to create a Hibid account (if you do not already have one) and provide a credit card with Hibid.com (your card will not be charged). Once you have a Hibid account, you can go to the auction and register anytime. Live bidders can register the day of the auction. This is a simulcast auction with live and internet bidding.

All vehicles will be sold "as is where is" with no physical warranty express or implied. The auction company makes every effort to take multiple pictures, note defects, and provide as much information as possible. Many of the descriptions for the vehicles have been copied from third party dealers who sold the cars to Mr. Kimes. The information is deemed to be reliable, but not guaranteed. Links have been provided, if available, to the dealer websites for some of the vehicles with additional photos and descriptions (some include videos). Photos on the dealer websites showing any accessory items or paperwork may or may not be included. Photos and information on the dealer websites who Mr. Kimes bought these cars from are 3 years old. Preview dates and times have been set and it is the buyer's responsibility to come and inspect the vehicles you wish to bid

on. If you are unable to attend, please call the auction company with any questions or concerns before bidding on any vehicles or try to send someone to come preview the vehicles. We can also do private showings for anyone who cannot attend the preview dates.

AUCTION CLOSE DATE AND FORMAT: The live auction will begin **Saturday, November 30th @ 11am.** This is a simulcast auction with live and internet bidding. Prebidding will take place up to that date and time. Starting at 11am on the above date, live bidding and online bidding will take place. The auction company is not responsible for any technical issues that may arise for online bidders who cannot place their bid. Make sure you are in a location with a good internet connection.

PICKUP DATES, TIMES, AND PROCEDURES: All vehicles must be removed from the auction premise no later than 1 week after the auction. If any vehicles are still on the auction premise after Saturday, December 7th, the buyer may incur extra storage fees. Be sure you have arranged for shipping, if needed, ahead of time.
